YFC'S VISION IMPARTATION

The National Director disclosed YFC's vision and mission with its historical background and activities to the newly engaged youth at the Dire Dawa regional YFC center. Even though YFC Ethiopia had been ministering to youth in the Nation's capital city Addis Ababa for decades now, the ministry is not well known in other regions and cities of Ethiopia apart from a few areas. Hence it was mandatory to inform the newly engaged youth about the vision and mission YFC stands for.
